Our general guarantee and warranty policies are outlined below.

## What is covered by the limited warranty?

This limited warranty covers defects in materials and workmanship in your Trophy Skin device if you purchased it from an authorized partner (eBay and Overstock are NOT authorized partners)

or directly from the manufacturer (Trophy Skin). Each product is covered under one warranty period. The warranty may not be repurchased for more than one term and is meant only for the original purchaser or gift recipient. (Must retain original purchase receipt/confirmation.) The limited warranty begins on the date of purchase and expires as designated above depending on your device. The warranty period is not paused or extended for any period during which the Trophy Skin device (or any parts thereof) is in repair, or if they are replaced by Trophy Skin during the warranty period.

## **What is not covered by the limited warranty?**

This limited warranty does not cover damage or failure caused by abuse or misuse; improper care; impact or insertion of foreign objects; vandalism; improper storage; improper or incorrectly performed maintenance or repair; application of harmful chemicals; Acts of God, fire, or water; abrasives; negligence; failure to follow manufacturer's instructions; loss of the Trophy Skin device; alteration; professional use; or commercial use.

Examples that will void your warranty:

- FAILURE TO USE A FILTER, FAILURE TO CHANGE YOUR FILTER BETWEEN USES (IN SOME CASES, ESPECIALLY WHEN TREATING THE BODY, YOU MAY NEED TO USE MULTIPLE FILTERS IN ONE TREATMENT), TURNING THE FILTER OVER TO USE AGAIN. The filter is preventing skin and debris into the machine and clogging the motor.
- CLEANING INSIDE THE WAND (OR HAND PROBE). If you are using filters properly, there is no reason to clean the inside of the wand or tubing.
- CLEANING ANY PART OF THE UNIT WITH WATER OR MOISTURE. Be sure to unplug your device and remove the diamond tip before cleaning it and ensure that it is completely dry before attaching it again.

- USING IN A PROFESSIONAL SETTING. Our skin care devices are designed for home-use only. Using to provide for-profit treatments is strictly prohibited.
