

SIGMA[®]

SIGMA BEAUTY 2-YEAR WARRANTY

If you purchased a Sigma Beauty brush, Sigma Spa[®] brush cleaning gadget, Sigma Dry'n Shape[®] Tower or Sigma Beauty brush storage from SigmaBeauty.com or any of our Authorized Retailers, and that beauty tool fails due to a manufacturing defect, we will, at our discretion, replace it. Refunds will not be issued for manufacturing defects. If the exact replacement product is not available, we will provide a similar product of comparable value. Stock available on Sigma Beauty website or at retailers may not reflect the stock available for replacements. The warranty covers manufacturing defects up to two years after original purchase date, regardless of how many times it has been used. Sigma reserves the right to refuse any warranty claim request at our discretion.

WARRANTY EXCLUSIONS

Sigma Beauty firmly believes in the product we create, which is why we stand behind it with a warranty – something rare in the beauty industry. However, we know that beauty is tough and that your tools will experience wear and tear. Unfortunately, damage caused by regular use will not be covered by this warranty, including, but not limited to, faded or stained bristles and handles, scratched handles or ferrules, and rubbed-off logos or product names.

We will not replace misused or abused product, including, but not limited to, dented or crushed product. Sigma Beauty will not replace product that has not been properly cared for, including, but not limited to, excessive product buildup within brush bristles.
