

APPLICATION:

To achieve the look of a temporarily depuffed, tightened & smooth under-eye in your daytime look - apply Bye Bye Under Eye Bags as your very last step after skincare and makeup routine!

For temporary depuffed eyes, apply Bye Bye Under Eye Bags as the last step to your daytime routine! Application & set time are key, so kick back and relax for 15 minutes while IT does the work for you! We hope you love IT as much as we do!

Can you wear concealer on top of it?

Bye Bye Under Eye Bags will be your last step, after any skincare or makeup. Be sure to let your other products fully dry down (3-5 minutes!) before applying Bye Bye Under Eye Bags. IT has a transparent finish that is suitable for all skin tones!

Can it be mixed with concealer?

Hi there! Bye Bye Under Eye Bags should be the last step of all liquid makeup! IT should not be mixed with another product. For best results apply Bye Bye Under Eye Bags as your last step after skincare and makeup!

Can I set with a powder or spray? (ONLY use this response if customer is specifically asking about setting)

Hi there! Bye Bye Bags should be the last step of all liquid makeup. You can apply your powder/setting spray after Bags has set but IT is not necessary.

Can it be used on other areas on face such as fine lines around mouth??

This product is tested to only be used under the eye area. IT should not be used anywhere else.

AREAS TO APPLY // HOW TO USE (SPECIFIC)

Does this leave a white cast?

Bye Bye Under Eye Bags provides a transparent yet refined, filter-like finish! It is suitable for all skin

Does this leave the white residue?

Bye Bye Under Eye Bags will leave a transparent, filter like finish! IT should be the last step of your skincare/makeup routine!

IF THE PRODUCT IS LEAVING A WHITE CAST

We do suggest perfecting the application first on bare skin before you use IT along with makeup as your last step in the routine! If you're noticing IT leaving a white residue, we do suggest using just a pea-sized amount to start on each eye!

Does this help with dark circles?

Hi there! Bye Bye Under Eye Bags is your temporary- [solution](#) for under eye bags, IT will not address dark circles!

Does it have permanent improvement on undereye skin or is it day to day solution that only works during the time it is applied?

This is a day-to-day solution! 💕 Bye Bye Under Bags is your temporary daytime fix for under eye puffiness! IT will help tighten & smooth in 15 minutes & should be removed at the end of the day! IT is intended for daytime use only & should be removed at night with an oil-based remover like Bye Bye Makeup Melting Cleansing Balm!

Does it work around you mouth too?

Bye Bye Under Eye Bags has only been tested for us on the under-eye area! We do not recommend applying IT on any other part of the face.

Hi there! This formula is exclusively for treating under eye bags, we do not recommend applying it on other areas of your face. XOXO

Does it help with wrinkles temporarily as well?

Yes! In addition to temporarily reducing the look of under eye bags, IT helps temporarily reduce the look of wrinkles [and](#) fine lines.

SMILE – moving your face

IT won't stop you from smiling! Bye Bye Under Eye Bags has a highly elastic formula that adapts to facial movements from comfortable wear. You only need to relax your face for 15 minutes post application!

Does it go away the second you smile?

No! You only need to relax your face for 15 minutes post application. Keep on smiling! 😊

Can I use IT at night?

Bye Bye Under Eye Bags is intended for daytime use only! Be sure to remove IT at night with any oil-based cleanser like Bye Bye Makeup Melting Cleansing Balm!

I've been using IT for bedtime and I love it! (Seeing this on R&R currently)

We're so happy you're loving IT! Bye Bye Under Eye Bags is your temporary fix that tightens and smooths the under-eye area. IT is intended for daytime use and should be removed at night!
