

Tips & Tricks for your TOK Beauty It Takes Two Magnetic Lashes with Magnetic Liquid Eyeliner

1. Put a coat of mascara on your natural lashes to provide the magnetic lashes with a base.
2. Before application, bend the band of the magnetic lashes to match the curve of your eye line.
3. The magnetic eyeliner is there to assist in application and pull the top lash in as you secure the bottom lash into place. It will work best when it's not quite dry.
4. The magnetic eyeliner has a drier formulation as it consists of a higher quantity of black iron oxide.
5. Being a clean magnetic eyeliner, it's easy to remove with any cleanser.
6. The magnetic eyeliner can be used as an everyday eyeliner.
