

INSTRUCTION MANUAL

PRODUCT DESCRIPTION

1. For full view of battery box, reference Fig.1. Open the battery box cover and insert 3XAAA (not included) batteries into each battery compartment (Fig.2).
2. Please follow the battery polarity markings in the battery box. Failure to insert batteries in the correct polarity as indicated in the battery compartment, may shorten the life of the batteries or cause batteries leakage.
3. The Remote uses battery: 1 x CR2025 (included).

LANTERN OPERATION

1. Do not place real candle inside. Item is only intended for use with battery operated candles.
2. To turn ON the candle, slide the switch to "ON" position. This will keep the candle lit permanently till batteries are exhausted. To turn OFF the candle, slide the switch to "OFF" position. This will turn OFF the candle.
3. The lantern is ok for outdoor use but must be brought inside during cases of extreme weather. The Remote Control is not outdoor safe.

REMOTE OPERATION

1. Turn on the switch of light at "ON" position, before use the remote control.
2. "ON/OFF" Key: "ON" key to turn on the light; "OFF" key to turn off the light.
3. Option of 6H or 8H timer. Timer will start for the designated amount of time and then turn off until it automatically restarts at the same time the next day. Cycle will repeat daily till batteries are exhausted. For example, 6H timer will turn ON 6H/OFF 18H.
4. "Mode" key: Turn on flash option.
5. "Multi Color" key: Turn on automatic color changing option.
