USER GUIDE

MyGlo is perfect for:

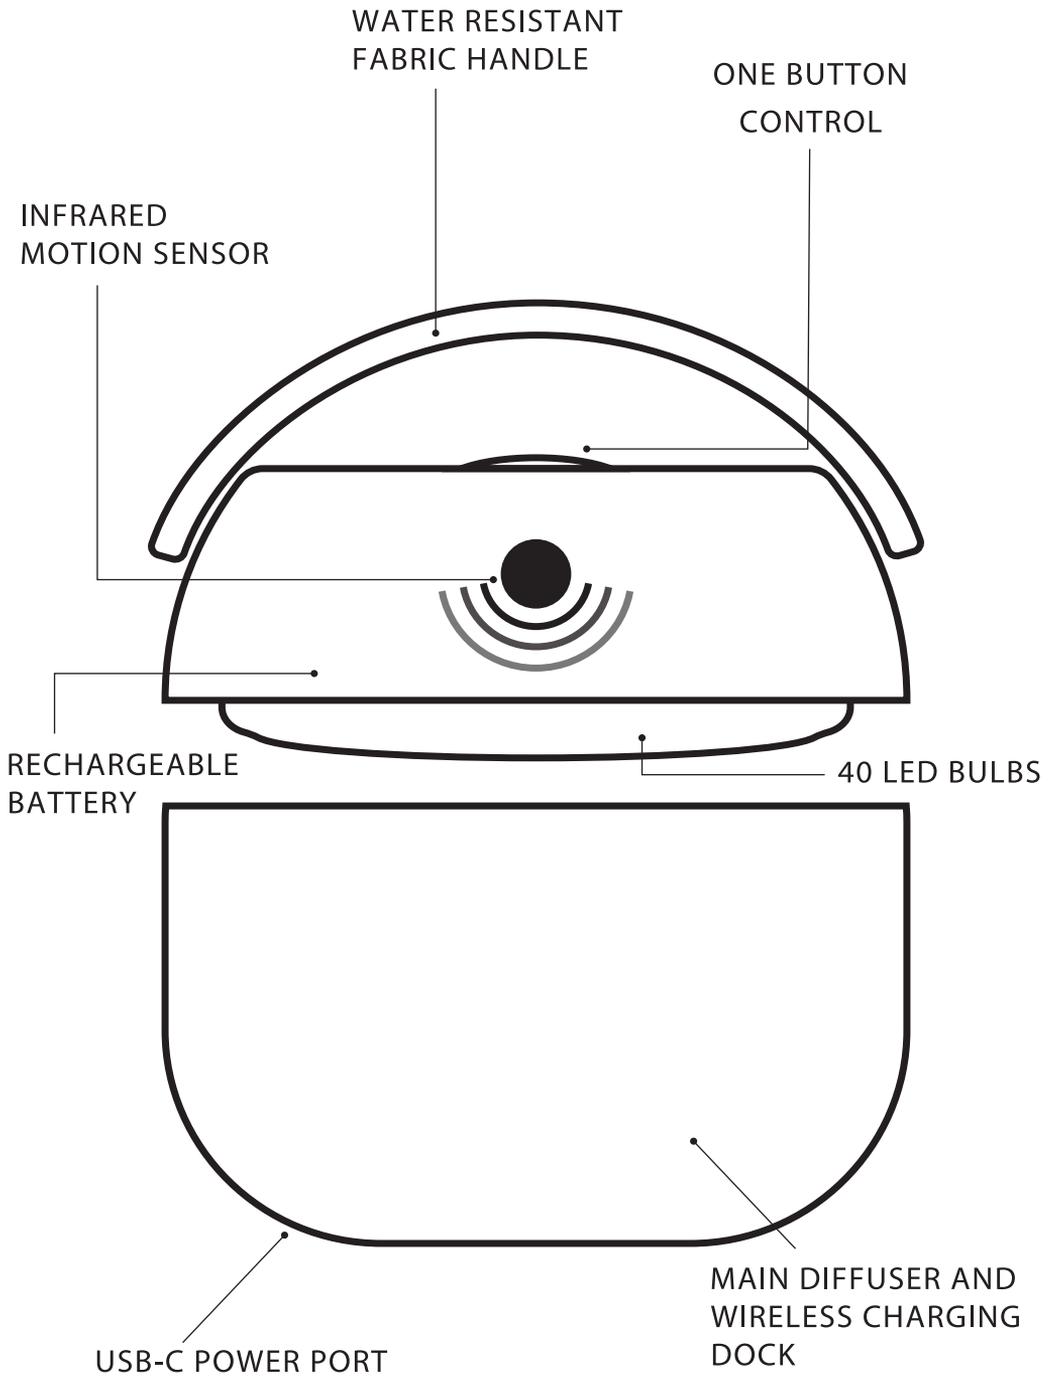

- Gently lighting up trips to the bathroom in the night
- Lighting up your garage or cellar
- Outdoor eating
- Outdoor activities/camping/tailgating
- A night light that you can vary the brightness

It's compact size makes it ideal for use in multiple locations with the ability to set light brightness to suit.

A grab handle which allows you to lift the light from its diffuser dock, meaning you can carry it and use as a flashlight.

A movement sensor can be set to switch the light on when your hand approaches. Light intensity starts dim and gets stronger as per your settings.

Diffuser acts as an automatic wireless charging dock for the light.
