Thank you for purchasing one of our unique pieces of jewelry. It is inlaid with **Ancient Roman Glass** excavated in archeological sites in the Holy Land.

The glass that we know as 'Roman Glass' is blown glass dated from the 1<sup>st</sup>-5<sup>th</sup> century CE. This is the formative period of Christianity, 'the Cradle of Christianity'.

Archaeological excavations show us that in the Holy Land in the first century CE, the technique of glass-blowing was discovered.

The patina (the textured surface) is a result of a chemical interaction of over 2000 years between the glass and the mineral saturated soil.

We proudly stand behind the unique craftsmanship of this magnificent piece of jewelry and hope that you will equally enjoy wearing it.

**Care instructions:** Please preserve your glass by avoiding contact with water.
