

CERTIFICATE OF AUTHENTICITY

The World's Finest Simulated Gemstone Jewelry

QVC's Quality Assurance department hereby certifies that the jewelry originally accompanying this document is authentic Diamonique simulated gemstone jewelry.

Diamonique simulated gemstones are carefully cut and polished in the same manner as are precious gemstones and diamonds. They are selected for their sparkling brilliance and exceptional quality, and mounted in finely crafted jewelry settings.

LIFETIME LIMITED WARRANTY

Your Diamonique simulated diamond jewelry has been crafted to the highest standards.

The quality of the Diamonique simulated diamonds is guaranteed for as long as you own it. We will either replace or repair the Diamonique simulated diamond in its original setting should it become damaged (chipped, cracked, scratched), lose its brilliance, or if it is lost due to a defect in the manufacture or workmanship of the setting. If the Diamonique simulated diamond cannot feasibly be replaced or the jewelry piece repaired, we will return the full amount paid at the time of purchase.

Diamonique simulated diamonds are clear or colored simulated diamonds.
