

10.00 cm

3 Piece Stainless Steel Bowls with Lid

Use and Care Instructions

Before Use

- Wash in soap and water and dry with a soft cloth before using for the first time. This will remove any manufacturing residue.

LID- Plastic

Inner Bowl- Stainless Steel
Durable for food contact, retains temperature.

Outer Part- Plastic
Lightweight, provides insulation, keeps exterior cooler during microwave use.

How to Use

- Ideal for storing, serving, and mixing refrigerator leftovers.
- Bowls are stackable and Microwave safe for reheating purposes at 1000 watts for not more than 5 minutes. Should not be used for baking in an oven.
- Remove the lid when putting it in the microwave. Do not put an empty bowl in the microwave.
- Always use oven mitts and caution when removing the bowl from the microwave after heating.

Care and Cleaning

Dishwasher safe.
