IMPORTANT: BATTERY INFORMATION

- WE RECOMMEND TO ALWAYS USE FRESH BATTERIES FOR OPTIMUM PERFORMANCE.
- RECOMMEND TO USE ALKALINE NON-RECHARGEABLE BATTERIES.
- DO NOT MIX OLD AND NEW BATTERIES AND NEVER MIX ALKALINE OR STANDARD (CARBON-ZIN) BATTERIES.
- NON-RECHARGEABLE BATTERIES ARE NOT TO BE RECHARGED.
- RECHARGEABLE BATTERIES ARE TO BE REMOVED FROM THE PRODUCT BEFORE BEING CHARGED AND SHOULD ONLY BE CHARGED BY AN ADULT.
- BATTERIES ARE TO BE INSERTED WITH THE CORRECT POLARITY.
- EXHAUSTED BATTERIES ARE TO BE REMOVED FROM PRODUCT AND DISPOSED OF SAFELY (AND NEVER IN FIRE).
- REMOVE BATTERIES FROM THE PRODUCT WHEN NOT IN USE.
- KEEP PACKAGING BECAUSE THEY CONTAIN IMPORTANT INFORMATION. ALSO FIND A GOOD PLACE TO STORE YOUR PRODUCT WHEN NOT IN USE.

CAUTION: TO REDUCE THE RISK OF ELECTRIC SHOCK, USE ONLY INDOORS IN DRY LOCATIONS. NOT FOR USE WITH AQUARIUMS OR OTHER WATER RELATED PRODUCTS. Do not plug into another relocatable power strip. This device features an internal protection that will disconnect the surge protective component at the end of its useful life but will maintain power to the load- now unprotected. If this situation is undesirable for the application, follow the manufacturer's instructions for replacing the device.

CAUTION: Do not install this device if there is not at least 10 meters (30 feet) or more wire between the electrical outlet and the electrical service panel.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

• **Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV Technician for help.

Member States shall ensure that users of electrical and electronic equipment in private households are given the necessary information about:

- (a) the requirement not to dispose of WEEE as unsorted municipal waste and to collect such WEEE separately;
- (b) the return and collection systems available to them;
- (c) their role in contributing to reuse, recycling and other forms of recovery of WEEE;
- (d) the potential effects on the environment and human health as a result of the presence of hazardous substances in electrical and electronic equipment;
- (e) the meaning of the symbol shown in Annex IV.
